SUMMARY

Full-stack web developer experienced in building scalable web applications and modern user interfaces using React, Next.js, Node.js, and Firebase. Skilled in developing responsive, performance-optimized platforms including job portals, e-commerce systems, and information services. Strong background in REST API development, database integration, and clean, maintainable code practices. Passionate about solving real-world problems through efficient and user-focused software solutions.

PROFESSIONAL EXPERIENCE

InnoByte Services

Feb 2026 – Mar 2026

Web Developer Intern

Remote

- Developed dynamic user interfaces using **React.js, JavaScript, and Tailwind CSS**.
- Built reusable React components to improve scalability and maintainability of web applications.
- Implemented responsive layouts and modern UI practices using Tailwind CSS.
- Integrated frontend components with APIs and backend services.
- Improved application performance by optimizing component rendering and state management.

ApexPlanet Software Pvt Ltd

Dec 2025 – Feb 2026

Web Developer Intern

Remote

- Developed responsive webpages using **HTML, CSS, and JavaScript** ensuring cross-browser compatibility and mobile responsiveness.
- Implemented modern UI components and interactive elements to enhance user experience.
- Optimized page loading performance and improved frontend responsiveness.
- Collaborated with designers and backend developers to integrate APIs and dynamic content.
- Participated in debugging and testing processes to ensure stable and reliable web applications.

CatchMyBus

Nov 2025 – Dec 2025

Full Stack Developer (Freelance Project)

India

- Developed a mobile-responsive bus search and route information platform using **React, TypeScript, Node.js, and Firebase**.
- Designed REST APIs for bus search, filtering, fare estimation, and route management.
- Implemented travel time calculation between stops and optimized route queries.
- Built Firebase authentication and an admin dashboard for managing buses, stops, and user feedback.
- Live: catch-my-bus.vercel.app Repo: github.com/emilvsaji/CatchMyBus

PROJECTS

CareerBridge

Jul 2025 – Nov 2025

- Developed a full-stack job portal using **PHP and MySQL** with role-based access for Job Seekers, Employers, and Admin.
- Implemented job posting, application tracking, resume management, and secure authentication.
- Designed a responsive user interface using HTML, CSS, and JavaScript.
- GitHub: github.com/emilvsaji/CareerBridge

Treasure Cove

Sep 2025

- Built an interactive gamified web application based on a treasure-hunt discovery concept.
- Implemented dynamic UI components and improved engagement through optimized user flows.
- Focused on responsive design and performance optimization.
- GitHub: github.com/emilvsaji/Treasure-Cove

Harvast Spices E-commerce Website

Jan 2025 – Feb 2025

- Developed an e-commerce website for selling spices with focus on performance and mobile responsiveness.
- Implemented product catalog, search and filtering features for product discovery.
- Built shopping cart and secure checkout functionality.
- GitHub: github.com/emilvsaji/harvast

EDUCATION

MG University, Kottayam

Bachelor of Computer Applications (BCA)

2026

Kerala

Holy Cross HSS

Higher Secondary Education (Computer Science)

2023

Cherpunkal

ACHIEVEMENTS

ASTHRA 10.0 National Technical Fest

2025

- Secured **First Place in Pixel Rush (UI/UX Design Competition)**

NASA Space App Challenge Global Hackathon Participant

Oct 2025

- Participated in the global NASA Space Apps Challenge hackathon collaborating on innovative technology solutions.

CERTIFICATIONS

Programming for Everybody (Getting Started with Python)

Coursera

- University of Michigan

Introduction to Software Engineering

Coursera

- IBM

Getting Started with Git and GitHub

Coursera

- IBM

SKILLS

Frontend: HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS

Backend: Node.js, PHP, Python, Java, REST API, Express.js

Database: MySQL, MongoDB, Firebase, PostgreSQL

Tools: Git, GitHub, Selenium
